Dear Guardians,

**Appeal for relief & rehabilitation in Uttarakhand due to the “Himalayan Tsunami”**

The morning of June 15, 2013 woke up to nature’s fury in Uttarakhand. The magnitude of destruction is still unfolding before the eyes of the nation. Countless number of lives have been lost. The extent of devastation and the myriad stories of loss have deeply affected all at large. Relief and rehabilitation has already started and the state faces an extremely long and arduous task ahead.

We at South Point, have always over the years risen to the occasion to help and alleviate the sufferings of others. After all we “never turn away from those in need, we help everyone for that is our creed.” As Uttarakhand grapples with the enormity of the task that lies ahead, we in our humble way need to help and assist the beleaguered state. In keeping with the ethos of the school, we appeal to all guardians to kindly contribute a suitable amount, with a suggested minimum of ₹ 50/-, towards this initiative. The collection will be utilised for the benefit of those who are in dire need, in Uttarakhand, either directly or through a proper agency.

Kindly fill in the appended form given below and send it along with your contribution in a sealed envelope to the class teacher through your ward by **July 12, 2013**.

We, as usual, are confident in receiving your support and cooperation in this noble effort.

Thank you

Yours faithfully

D K Chadda
(Principal)
